Message from the Founder

5 Years of Testimonies & IMPACT
Years of GROWTH on Every Side
Years of God's Blessings and FAVOR
Years of SUPERNATURAL Supplies
Years of Open Doors & ACCESS

CTF began five years ago in the city of Lagos, Nigeria with about 7 people in attendance at the takeoff ceremony, five years later more than 5,000 teenagers have been reached and impacted in accordance with our vision statement of ***'Raising Spirit-Filled Teenagers to Change the World."***

As of 2020, the United Nations estimated Nigeria population to 206,139,589 with the median age being 18 years. Also, a recent publication released by Statista revealed that half of Nigeria population is below 19 years. This shows that Teenagers represent the most populous percentage of the Nigeria population. With a low literacy level in the country there appears to be little hope for the future.

Here's the **GOODNEWS!!!** Blow the trumpet! Sound the Alarm! We are in the days of the latter rain; and God is moving in His power again! This is a clarion call sounding louder than ever before in human history, he that has ears, let him hear, what the Holy Spirit is saying.

Academics | Finance | Social-Life | Leadership | Spirituality

Our mission statement remains to equip this generation of teenagers with the skillset and resources to attain the highest level of excellence in their Academics, Finance, Social Lives, Aspects of Leadership and Spirituality. We achieve this using 3 main platforms:

CTF Library | ***CTF Weekend Oureaches*** | ***CTF Online Community***

CTF's Founding Scripture:

Do Not let anyone look down on you because you are young, but be an example of the believers in word, in conversation, in charity, in Spirit, in faith, and in purity.

1 Timothy 4 vs 12.

CTF was commissioned in February 2018 and commenced operations 5 years ago in Lagos, Nigeria.

Debt

Our organization does not use any form of financial leverage. God raises sponsors and donors each time we have an event.

Going Concern

Most learning institutions are not willing to pay for the services we offer, and we understand this is because we are first movers in this stream of service. We however expect this trend to cease as the value we offer is made clear to the public, especially our target audience.

Takeaways

In our 5 years of operations, we are having to acquire lots of assets and equipment including opening our first library here in Lagos, Nigeria. This would enable us to reach more teenagers within the community for many years to come.

*God Delivered my uncle from Ritual Killers: **Anjola Adebola**, 200lvl Covenant University.*

The day before I resumed for the new academic session; my dad received a call. All I heard was "There is no ransom" and he began speaking in tongues. I went to my room and told God that whatever has happened He should sort it out. Five minutes later, my dad came to my room and told me that my uncle was just kidnapped around the Ibadan expressway and that I needed to pray. I took my mantle and began praying. And I remembered the book of Lamentations 3:37 that says "Who is he that sayeth and it came to pass when the Lord hath not commandeth". And I told God that He said we would live and not die.

Fortunately, we are in the month of praise, and I switched to praise after praying. I played Unlimited praise by Tosin Bee and danced like never before. The next day, my dad left the house before I even woke up to meet with the police and some other family members. I had to go to school with our driver and my younger brother. I called my dad for feedback later in the day and he said my uncle sent a text that he was supposed to be killed that day. That they weren't kidnappers but ritual killers. I told God that He has delivered people from the hand of kidnappers before, and nothing is too hard for Him to do. And if He did this, I was going to share the testimony. This is where the story begins....

My uncle with his colleague from work were coming back from work, but this day they decided to go by public transportation. While on the bus, the conductor sprinkled a liquid in the bus and every single passenger slept off, except my uncle. He said, "I looked around and noticed everyone in the bus was asleep apart from myself, the driver, and the conductor". When he reached out for his phone the so-called conductor collected it from him, unknowing to him that my uncle had another phone in his pocket.

They drove into a thick forest and brought out all the passengers who were unconscious at the moment out of the bus. The ritual killers were killing the passengers batch by batch, but before they killed them, they would rub pigeons on their heads (to probably collect their glory) kill them and begin drinking the blood in front of my uncle. Because my uncle wasn't getting unconscious despite their effort, they injected a substance into him to make him unconscious. Instead of making him unconscious, it made him wide awake.

My uncle's colleague was killed right in front of him, they drank his blood and the blood of the other people they killed. They were laughing at my uncle, mocking him that he was proving stubborn. The day he was to be killed, they told him they would kill him the next day. The next day came, just like they did for the other passengers, they rubbed a pigeon on his head, and the pigeon died. They rubbed another pigeon, and it also died. They then tried the third pigeon and it died too.

Then they decided to shoot his head off instead. In their attempt to get the gun, a tall man appeared from nowhere, collected my uncle's phone, and carried him out of the bush. The tall man walked for about three hours until they got to the main road. My uncle said when he opened his eyes, he didn't see anybody around him. That's how he was delivered from the hands of ritual killers!!

I want to give God all the glory because this was just like a Nollywood movie to me but this can only be the hand of Almighty God😩😭!!

ADESOJI DIVINE, 400LEVEL
COVENANT UNIVERSITY

I'm here to share my testimony and return ALL Glory to GOD. I feel it would inspire someone. I started my 100l alpha semester with a shaky GPA. I started with a 3.76, I was determined to move up but I didn't really have a goal in mind. I joined a service unit, prayed, and read but my lack of being specific got me a 3.86😤 and my CGPA for 100l became 3.81.

When I started 200l, I wanted to be better, I read, was still in my service unit, prayed but the devil brought everyone's greatest enemy FEAR and it really got to me. I feared failing so much that any test I wrote I wrote praying not to fail and forgetting to pray to pass. My CGPA took the worst turn and I nosed dived to GPA of 3.21, my CGPA of 100l helped me so I still had a 2,1 CGPA but a very weak one which was 3.62.

200l omega I cried to my mum and told her how I was scared to fail again, and she gave me the scripture 2kings 3:17 and she told me to write out the result I wanted and pray with the scripture. I did and started praying every Sunday evening with a friend.

Surprisingly my result came out and I had a 4.47. My CGPA went back up to 3.83 and I was amazed.

I decided to do the same thing I did 200l omega for my 300l alpha, this time I remembered the scripture that tells us "The path of the just is as a shining light and shines brighter unto a better day". God was faithful and I had a 4.52 (my first ever first-class result). I was amazed, really shocked and my CGPA moved to 3.97. The weirdest thing then happened, after I had this first-class result, as a human I should be happy but I really wasn't so I decided to talk to all the mentors I could get.

I spoke to Mr. Tee and spoke to the CU chaplain at that time, Pst Kayode Martins. Mr. Tee made me understand the power of confession and PST Kayode encouraged me that I was doing better and he told me to join the sanctuary unit, at first I kept postponing joining the service unit but I still kept praying every Sunday evening but without my friend, because he was on IT.

One day the Holy Spirit reminded me of the instruction and immediately I obeyed. I went for every cleaning and prayer meeting even when it wasn't convenient, I made the Holy spirit my reading partner, and started praying every morning from 5-6am. When the result came out last week, I was scared to check so I told my friend that I pray with to check for me, when he sent the screenshot of my result I screamed so much and fell🙈😹.

God Just amazed me, I had a 4.95 GPA last semester and my CGPA moved to a 4.13. If I wasn't so sure God didn't love me then, I am completely sure He does now. Thank you so much Mr. Tee for being an instrument for God to use in my life in the life of other teenagers, I pray God blesses you and because you've been a source of help, you'd never lack the help of God and the favor of God. I'm still in shock tho😹

RAISED BACK TO LIFE!!!🤯

We received a call from my aunt (my dad's sister) about two Saturdays ago to pray for her child, my cousin, who had been involved in a domestic accident. She was just recovering from an appendectomy, and she went into her room to rest, meanwhile, the generator had been on and the exhaust pipe was positioned to face her window causing exhaust to fill her room.

😭💔

With time she ran out of oxygen and fainted and unfortunately, nobody knew about it so she was there for a couple of hours. When it got late, her sister retired to the room to sleep and found her lying still in a room where she could hardly breathe in, she went to her and discovered that she wasn't conscious and immediately called the attention of everybody.

🏃‍♀️💨🙏

She was rushed to the hospital and the doctors did everything to revive her for hours. Everybody was praying while the doctors were doing what they could do, soon enough they heard her heartbeat again and she came back to life to the glory of God!

REFLECTIVE TESTIMONY ALERT 🌈🌈

In a few days' time this month, I will be turning 21, and all the memories of the past just started flooding, I remember when I got into FA the struggle to adapt to living without my parents, I remember when I had to repeat and I thought the world had come to an end, I remember the words of encouragement I got from Mr. Tosin, Mr. Evans and Mr. Richard, you all told me that its Gods plan, that it would make me stronger and one day I will laugh about it, and I thought it was a joke 😅😅, I remember when I was doubted by everyone when I said that I would study abroad, people thought it would never happen, then all of a sudden my admission letter came and it was a Russian university.

I didn't want to go to Russia because I doubted myself, I wondered if I didn't study well in Nigeria how will I make it in a country that doesn't speak English, but God surprised me again, I came here and I picked up the language so fast that it surprised even my lecturers , everyone said it was too good to be true, and after sometime the government passed a law that foreign students could work officially in Russia, and again against all odds I got the job at the university, I am almost self-dependent, I don't ask my parents for pocket money, and I am in the process of chasing my permanent residence permit , I sat down last night and pondered on all these, and I remembered how you encouraged me when it seemed all hope was lost , I now look back and thank God for that situation, because it indeed made me stronger, and now I just laugh about it and encourage other people, so first I want to thank God for His grace and mercy upon my life , and secondly I want to thank you sir , for the impact that you have made in my life , for the knowledge , and for helping me up when I was down. ***[Victor E. CHRISTIAN CHISOM
DUNDLAK INSTITUTE OF TECHNOLOGY, IRELAND

*Praise God my name is **Christian Chisom**, a 100-level Mechanical Engineering student at Dundalk Institute of Technology Ireland.*

Early this year (2022) I began making preparations to further my studies in Ireland, it didn't seem possible at that point, but I kept believing in God. Months passed and I was to finally submit my documents to the Irish embassy by July. On that day things went a bit rough, but I refused to get discouraged, I went back home praying for a good result. A month and a half later I received a call asking for my location to bring my documents, when it finally came to my surprise it wasn't mine and that person was denied the visa, this put a lot of fear in me still I kept holding on to God's word.
Four days later my documents were delivered to me with my visa as well😆!!! .. and I resumed successfully last Sunday.

Secondly... I want to thank God for his hands of protection over my aunt. A week before her traditional wedding she traveled to the East on getting to her destination she and some other passengers were kidnapped by some Fulani men, prayers were made for her on the CTF prayer chain, and she was released unharmed and untouched. Thank you, JESUS.

PRECIOUS AROME
PEOPLES FRIENDSHIP UNIVERSITY, RUSSIA.

TESTIMONY ALERT 🙃🦋
My name is Precious Arome and I am a medical student in Russia. In 2020 while doing our yearly medical checkup, I was diagnosed with iron-deficiency anemia. It was mild at the time so I didn't pay much attention to it.
In 2021, I went for the checkup again and discovered my blood levels were dangerously low. The doctor said that if it dropped any lower, I would need a transfusion. I remember calling my mom with tears in my eyes and we agreed in prayers concerning it. I wrote scriptures on healing on sticky notes and posted them all around my room, declaring health over my body every time I moved.
It wasn't easy and, on some days, I was really weak but by God's grace, I kept speaking. I went for countless blood tests to track how it was progressing, but my levels were almost always stagnant. I did several ultrasounds and almost did a gastroscopy but there was no explanation as to why my body wasn't absorbing iron. I wanted to share but I told God that if I was ever gonna share, it would be as a testimony and not a prayer point. So, I kept praying and trusting God completely cos drugs and diet changes weren't helping.
Beginning of 2022, I was supposed to go for a follow-up test, but I was reluctant cos I assumed nothing had changed. For some reason, something happened, and the test became mandatory. While going to get the results, I took my drugs along cos I assumed they would change it again 😅. To my surprise, my blood levels had gone up and completely stabilized. I immediately started crying cos I wasn't expecting to be healed that soon. God completely blew my mind.
I give God all the glory and encourage someone: healing and health is your inheritance in Christ Jesus, your words have more power than you know, so don't stop speaking and God is still in the business of hearing and healing His children. 💛💛
